

SPACE STATION SUPPLY SORT

Circle the items astronauts would need on a space station.

Cross out the items that do not belong.

1. Water Pouch

2. Sleeping Bag

3. Laptop

4. Oxygen Tank

5. Solar Panel

6. Tool Kit

7. Beach Umbrella

8. Bicycle

9. Open Glass of Juice

10. Plant Experiment

11. Space Helmet

12. Roller Skates

DR. HAMILTON

Astronauts need the right tools and supplies to live and work safely in space. As you sort each item, think about what helps a crew stay healthy, do science, and solve problems aboard a space station.

Optional Challenge: Choose one circled item and explain how astronauts would use it.

One extra item I would bring to the space station is... _____

I would bring it because... _____
